

# St. Antonius Girls' College

# School Vision and Mission

Faithfully following the teaching advocated by the Lord Jesus, our school has been upholding the mission of the founding group of the Chinese Sisters of the Immaculate Conception (C.I.C): “to go into all the world and preach the gospel to every creature” (Mark 16:15), in accordance with the spirit of Jesus’ love and the Catholic education philosophy, to make an effort to educate the next generation.

Our school is dedicated to providing holistic education to help students develop spiritually, morally, intellectually, physically, socially and artistically, so that they can treasure life and get prepared for their future.

We are also committed to assisting students to develop independent and critical thinking and cultivate a sense of civic and social awareness so that they can exercise correct value judgment on social issues. It is hoped that they can make a contribution to society and serve all mankind, as well as understand Chinese culture and have a passion for life.

*Five core values of Catholic Education:* Truth, Justice, Love, Family, Life

# Teacher Professional Training and Development

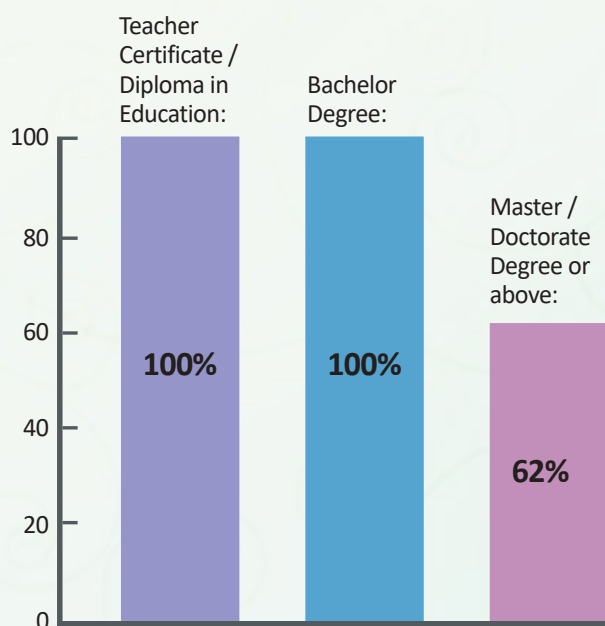

Providing rich teaching experiences, our teachers are patient and warm-hearted. Different teams cooperate on a regular basis for lesson preparation, peer observations and sharing among teachers and schools. Our school also organizes different kinds of courses, workshops and programmes for teachers both at school and outside the school to enable them to be familiar with the latest educational trends, classroom strategies and teaching effectiveness. Each year, there are at least three Staff Development Days for professional exchanges and collaboration.

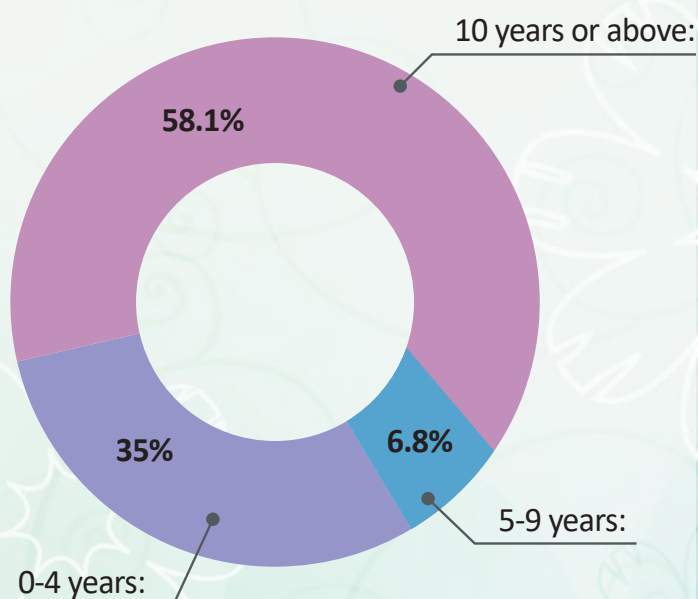

## Total number of teachers in the school

57, including one native-speaking English teacher

## Qualifications

## Teaching Experiences

# Class structures

There are 4 classes in each level of S1 to S6. In the senior secondary curriculum, three subjects are taught in English, namely Physics, Chemistry and Mathematics. Some modules in Mathematics and Science are taught in English in S1 to S3.

Subjects offered in the junior secondary curriculum	Religious Studies*, Chinese Language, English Language, Mathematics*, Science*(S.1-S.2), Physics(S.3), Chemistry(S.3), Biology(S.3), Citizenship, Economics and Society*, Computer Literacy*, Putonghua, Chinese History, History*, Visual Arts*, Technology and Living*, Physical Education*, Music*, Geography*, STEAM(S.1-S.2)

Elective subjects offered in the senior secondary curriculum using EMI	Physics, Chemistry, Mathematics Extended Part Module 2
Other subjects in the senior secondary curriculum	Physical Education, Religious Studies

## \*Subjects with extended learning activities (ELA) in English

# English learning programmes and activities

To enhance students' English proficiency through increasing their exposure to authentic English outside the class, hence widening their horizons and strengthening their general knowledge, a number of English activities are regularly held, including English Debating Club, English Elite Debate Team, English Drama and so on. More able students are recruited as English Ambassadors who are trained to run regular English learning activities for fellow students such as crafts, English Cafe, English Day, song dedication, a peer reading support programme and English broadcasts about SAGC news. Form level outings to take part in English activities at places of interest are also offered, such as the Amazing Race at West Kowloon Cultural District, playing sports games at SuperPark and a visit to the historical site of Tai Kwun.

In order to strengthen students' English, after-school tutorials are held such as the Springboard Enrichment classes for gifted students and Remedial classes for less able yet hardworking ones. All these activities are to stimulate students' interest in learning English and enhance their confidence in using the language.

# Religious Education

Our school puts emphasis on religious education, which aims to let students understand Jesus is our role model in practising love and serving others. With the objective of nurturing students to have a positive attitude to cherishing life and admiring Jesus, all subjects have incorporated five core values of Catholic Education into the formal school curriculum. Besides, in order to promote positive Catholic values amongst students, students are encouraged to participate in different community services such as serving underprivileged families and joining the 'Charity Lunch' event. It is also hoped that students' spirituality will be fostered through various regular religious practices and activities, including morning prayers, prayer gatherings, Bible study competitions, religious assemblies and visits to the home for the elderly.

# Value Education Team

Through a wide range of activities, our school aims to guide students in their exploration of their strengths and to unleash their potential, as well as to cultivate students' gratitude and enhance their resilience, so that they can embrace challenges with grit and appreciate their own talents. Hence, they are able to develop positive attitudes and values to confront difficulties with hope.

A sharing by Ms. He Jianxin, Hong Kong Wushu team member, was arranged for students on 13 September 2024.

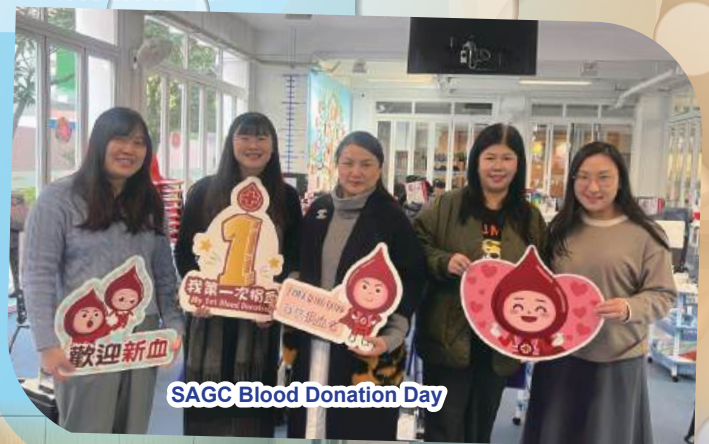

SAGC Voluntary Team participated in the YMCA YM Volunteer Awards Presentation Ceremony organized by Chinese YMCA of Hong Kong for their outstanding performance in 2023-2024, which fulfilled the requirement and provided over 2000 hours of school-wide services.

Our school participated in the Canstruction @ Hong Kong 2024 organized by an NGO, Food Angel. All students, parents and teachers were encouraged to donate canned food to Food Angel to prepare free meal boxes for people in need of food assistance.

SAGC Charity Day

SAGC Blood Donation Day

SAGC volunteer team organised a visit to help the seniors and brought along lots of delicious food and daily necessities for them.

# PSHE Education

We offer diverse activities that bridge classroom learning with real-world applications, fostering positive values inspired by historical figures and events through various creative mediums. Our students performed in an exemplary way and had consistent success in inter-school competitions. For an impressive fifth consecutive year, we proudly secured the championship in the Senior Division (Multimedia Production) at the 13th Inter-school Competition of Project Learning on Hong Kong's History and Culture, jointly organized by the Hong Kong Museum of History and The Hong Kong Institute for the Promotion of Chinese Culture.

Our dedication to historical literacy is further evident in the "Engage in reading to ring in National Day" Junior Secondary History e-Reading Award Scheme 2024. Our school has earned recognition for four consecutive years, claiming the "Creativity Award" for three years running. This year, two teams received the "Creativity Award," with one also achieving a prestigious "Special Prize in Celebration of the 75th Anniversary of the Founding of the PRC."

Additionally, students earned a Merit Award from the Hong Kong Museum of the War of Resistance and Coastal Defence, participating in the "Learn from Museums--Novice Curator Training Programme."

Beyond history, our Geography curriculum emphasizes experiential learning. Recent excursions, including the "Ma Shi Chau Geo-Park Excursion" and the "Guangxi Guilin and Yangshuo Landform Exploration Trip," enhanced students' understanding of human-nature interactions, ecological balance, and national ecological sustainability.

The theme of this year's Arts Week is "Blooming Hope, Inspiring the Future through Art," with activities such as fluid bear workshops and lunchtime concerts.

# Arts Education

Arts Education is composed of the Visual Arts, Music, and Drama Education. It organizes various art-related activities for students, such as field trips, theater performances, concerts and dance shows. We also organize internal art events like Art Week and co-hosting Aesthetic Night. We hope to provide more opportunities for our students to be exposed to the arts and to cultivate whole-person development.

S3 students appreciated the Pipe Organ Education Concert with the theme of "The Transcendent Instrument".

S5 students who studying Visual Arts participated in the Beijing Art and Culture Tour. They interacted with local secondary school students.

S4 students visited the M+ Museum to learn about the works of architect I.M. Pei.

Our school pop band was honored to be invited to participate in the 2024/25 Diocesan Schools Variety Show and Music Marathon.

The Aesthetic Night featured a variety of performances, including English drama, dance, recitation, sand painting, singing and instrumental performances.

# Develop students' physical fitness

The Physical Education Department aims to develop our students' physical competence in order for them to build a lifelong active and healthy lifestyle. The department also cultivates students' generic skills, such as collaboration, communication, creativity, critical thinking and aesthetic appreciation. Teachers collaborate with different subject departments, professional bodies and organizations to provide various physical activity opportunities for our students and nurture positive values and attitudes. Students are also encouraged to do sports and exercise from school to home to increase physical activities and enhance their health.

## Read happily

Reading is the key to unlocking knowledge and cultivating creativity. Therefore, our school is committed to cultivating students' interest and ability in reading. Our school holds a Reading Unlimited FUN, where students work in groups to make videos to share their reading results. We also held a Reading Carnival and Chinese Culture Day. Students used their creativity to design booth games to incorporate reading into the game. At the same time, various subject teachers cooperate to promote subject-based electronic reading and create cross-subject reading exercises to strengthen students' reading abilities and broaden their reading horizons. Coupled with other reading activities and competitions, the campus has a strong reading atmosphere.

The principal, teachers and students enjoy reading together.

Yu Yi, the author of "City of Darkness" shared his creative process with students.

人民軍隊始終是黨和人民完全可以信賴的英雄軍隊。

—— 習近平

Visit to the Chinese People's Liberation Army (PLA) Hong Kong Garrison Exhibition Center at Ngong Shuen Chau Barracks

# National Education

We organize a variety of traditional Chinese festivals and activities to deepen students' understanding of the Basic Law, the Constitution and national security. Through exhibitions, games, film viewings, visits and other diversified activities, we enhance students' sense of belonging to the country, their national identity and patriotism.

# Study tours

Through these exchange programs, the students gained a deeper understanding of Chinese history and experienced the rich tapestry of its traditional culture—its joys and challenges. This journey strengthened their sense of belonging and national identity, inspiring them to cherish, protect, and pass on the legacy of their cultural heritage.

# Diversified learning activities

Our school provides more than 50 extra-curricular activities covering academic, interest, sports, art and religious areas in order to give our students the most comprehensive and the richest learning experience. We aim to extend classroom learning and let students have a balanced development of ability, knowledge, values and attitude, so as to realize our objective in education. Education on spiritual, moral, intellectual, physical, social and aesthetic aspects. With a wide range of extra-curricular activities, students are able to grow and develop individual potential. Besides, students are strongly encouraged to take part in various social services, joint school activities and inter-school competitions.

## Home-school cooperation

The school has a strong tradition of home-school cooperation. We strengthen communication and connections between school and families through the PTA Annual General Meeting and Parent Days. We invite guests to share their experiences with parents and children. In the past few years, we have invited Mr. Mak Yun Sau, Mr. Sammy Leung Chi Kin, Mr. Chiu Tsang Hei and others to share with parents how to get along with their children and how to talk about life planning with their children. We organize a number of parent-child activities, such as volunteer services, parent-child tours, parent-child workshops and more. The PTA also actively participates in school events such as Aesthetic Night, Graduation Ceremony, and the IMC Meetings.
